

Empowering Organizations to

CREATE CHANGE

“

Colton conducted a social media/marketing on a budget for non-profits in Shelby County, and he did an EXCELLENT job! He is fun, engaging and the workshop was very informative and there were a lot of implementable ideas and technics.

Highly recommend

Colton.

Blue River Community Foundation

”

Founded in 2012, Colton Strawser Consulting is a full-service consulting firm that empowers nonprofit organizations, foundations, and other groups seeking to change the world. Creating change can sometimes be hard, but with Colton Strawser Consulting it can be a little easier. Building upon years of service in the nonprofit sector, Colton C. Strawser, created Colton Strawser Consulting to assist organizations to create change by using practical experience and academic perspectives.

GRANTS MANAGEMENT

Having a consulting firm serve as a program officer to either create or manage your grantmaking efforts can be very helpful, especially when your foundation is seeking to provide expert support to nonprofits.

CAPACITY BUILDING

We can assist you with the development of capacity building initiatives or serve as a consultant to work directly with your grantees to address organizational issues.

STRATEGIC INITIATIVES

We can help you create a strategy to help you, and your community, move the needle on an important issue.

RESEARCH & EVALUATION

Our ability to develop valid and reliable research can help your foundation discover the root of a cause and create community change.

YOUTH PHILANTHROPY

We have experience working with youth philanthropy and grantmaking programs, developing engagement tools, and creating opportunities for young people to give and serve.

FAMILY PHILANTHROPY

Whether it is setting up a family foundation, engaging the next generation, or working to create a new funding priority, we have worked with a variety of family foundations over the years to create a philanthropic impact the whole family can be proud of!
